# ABOUT US

**ÖZSAN ARMS;** It operates in the field of manufacturing and marketing of hunting rifles and air rifles in Konya.

Our company, acting with the principle of being a reliable institution, keeps the service quality at the highest level in order to make this principle a corporate culture.

Our company; It was established to provide the best service to customer expectations in the production and sales of hunter rifles and to respond to our customers in the most economical way with the quality and difference of "Özsan Arms".

Among our rifle varieties in the production ring;

There are semi-automatic rifles, single barrel rifles, superposition rifles, pump action rifles, revolver rifles and air rifles.

Mision ;

To provide products and services related to Hunting Rifles by exceeding expectations every time without compromising quality and ethical values.

Vision ;

The company that provides added value to its customers and employees in the manufacture of shotguns, reaches large masses with its quality products and services, and is the first institution that comes to mind and preferred with its customer-oriented service approach.
